She was only one person to even meet her. No one thought it any other way. She is an extraordinarily stupid, loving and wonderful companion. She is a great watchdog and loves bones and toys. Cora has some specific needs, she needs a home without other pets and no children. She was rescued from the Cayman Islands, where she was more bred and abused. She is looking for an adult or adult couple who would like to have an only child. She is 6 years old, she has survived in a heartworm, and she wants an eternal home! Apollo rescued August 2019 rescued October 2019 to help bully breed dogs through rescue, education and propaganda. Rescue: Koa Bully is a haven for bullies type dogs. Through our adoption and parenting programs we will be able to help save these love-bull dogs, provide the medical care, and behavioral training needed until they find their home forever! Education: The problems faced by our bull dogs are the result of a lack of education and resources for our bully dogs. Koa Bully would like to create an open dialogue and positive exposure for our favorite tail-waggin, fun-loving bully dog breed. We will contribute to the importance of spay/neuter, and responsible pet ownership. Lawyer: Be their voice! BSL (Breed Specific Legislation) doesn't work! BSL is expensive and difficult to ensure that even worse, they do not improve public safety for people or dogs. Through our adoption programs, education, spay/neuter, learning how we will improve lives community and four-legged friends. Your support will help Koa Bully make a difference in these dog life. Each animal is individual! Let's give them a chance to find their loving forever home. Goals: Provide our community with resources: resources: training, spay/neuter, and sanctuary for bullies breed dogs in southern Oregon. To advocate for changing the reputation of bully dog breeds. Any other enquiries, please email us in advance so we can help schedule your visit: info@fresnobullyrescue.org Fresno Bully Rescue (FBR) is a voluntary, non-profit, non-kill rescue and shelter dedicated to rescuing bully dog breeds (i.e. American pit bull terriers, American Staffordshire terriers, American bull dogs, bull terriers, etc.). We are here to provide a healthy and loving temporary home while we look forever at home for our shelter dogs. We are one of the only breeds specific, no kill rescues with an actual nursery-object in California. We have more than 45 adult dogs in our facility (with many more puppies and adults in foster care Our pet adoption program and tailored support to help you find the best match for your family and start it right! We are a 501 (c) (3) community charity and all donations are tax-free. In addition to saving and adopting, the FBR also strives to provide educational services in the community, micro-chipping, and promoting spaying and and responsible possession of breeds of hoogan. In addition, the FBR seeks to promote bully breeds, doing educational advocacy with high-risk communities about illegal dog fighting practices, as well as providing mental and physical rehabilitation and training to our bully residents while in our care. Fresno Bully Rescue is also available to provide guidance and assistance forever to the families of our dogs during the transition to their forever home. Our adoption fee includes: UTD vaccines - fully testedSpay/Neuter (without exception)Microchip, Registered for life On current HW and Flea PreventionDogs under 12 months - \$300.00 Dogs for 1 year - \$250.00 (Some specialty breeds such as thoroughbred American bully, English bulldog, French bulldog, etc. their adoption fee will be higher). We accept payments in the form of PayPal, cash and certified funds. Important note for puppy/dog adoption: All of our adoptive puppies/dogs must live in your home. We do not allow invisible fences or partial fences of a puppy/dog not allowed to be tied or chained outside for any reason, and left unattended. The puppy/dog should be on a leash at all times when taken out of the house. Please note: must be at least 25 years old to take. If you rent we will require you to speak to your landlord and get a written document stating that you may have a pit bull where you rent and the pet deposit has been paid or agreed upon. The adoption process is complete and the adoption process is fully completed. Filling out an adoption application is not an obligation to accept; it's just the first step in the process. Step 2 The next time we receive your application, the application will be reviewed by our adoption coordinator. Applications processed at first came first to serve based, but APPROVED based on which app is the best match for animals and families. Brave Bully Rescue will perform veterinary checks and background checks. We will call your veterinarian and make sure all the animals are currently on their vaccinations, rabies, on the monthly heartworm prophylactic and spayed/neutered. We will also require 3 links (not related to the family). Step 3In the fact that your application has been pre-approved, a member of the Brave Bully team will contact you to arrange a home visit. A home visit is necessary to provide an adequate habitat for our dog. Please understand that we will always have the best interest for our bullies. Thank you for understanding! Step 4At the next time a home visit is approved, we will schedule to meet and greet the whole family so they can meet with candidates and make sure it fits your and your family's lifestyle. Step 5After meet and greet, Brave Bully Rescue create Sleep-Over. Our Sleep-Over program has been very successful in the adoption process. We believe that it is important for a potential family time in their own home with our dog. A few hours is not enough to make sure if our bully will be suitable for you and your family. It also gives you the opportunity to connect with your potential new family member. Step 6If Sleep-Over is successful, we will then approve your application for adoption. One of our team members is giving time to meet at your home and complete the adoption. A contract is required. Our contract is a legally binding document that outlines your responsibilities as the owner of the pet you accept. In addition, the Contract provides you with a medical report that our salvation is provided to the animal while in our care. Every penny of the adoption fee goes to our dog's medical expenses while the dog is in the possession of Brave Bully Rescue. In fact, in almost all cases, the adoption fee is far from the actual medical costs spent on our dogs. The average amount we spend on a healthy rescued dog is \$250-\$350, but it can easily cost Brave Bully Rescue as much as \$2,000 or more depending on medical issues. Brave Bully Rescue depends on public donations. The denial of responsibility: No man can predict the future behavior of a dog; The site's owners, Brave Bully Rescue and its volunteers are not responsible for any liability or for any injury, loss, expense or expense of any person or property caused by any listed animal, as well as any cause of action, claims, claims or claims that may result from such injury or injury due to the acceptance or possession of a brave bully rescue dog.
